## Strategic Resources Stakes Claims with Lithium Potential

**For Immediate Release**

**TSX.V: UVR**

**September 24, 2009, Regina, Saskatchewan – Strategic Resources Inc. (“UVR” or “the Corporation”)**, is pleased to announce that as a further complement to its uranium/vanadium projects in the Catron County, New Mexico and Apache County, Arizona, a series of lode claims have now been staked in Malheur County, Oregon. These claims are prospective for both uranium and lithium mineralization and have been staked on the geological premise that the lithium/uranium mineralization that has been identified in nearby Humboldt County, Nevada by other industry participants extends across the State line into Malheur County, Oregon.

### **About Strategic Resources**

Strategic Resources is a Canadian based junior exploration company with uranium/vanadium exploration projects in Catron County, New Mexico and Apache County, Arizona as well as a rare earth exploration project in Lincoln County, New Mexico. More information about the company is available on line at [www.strategicresourcesinc.ca](http://www.strategicresourcesinc.ca).
