

UCR Announces Significant Corporate Developments

For Immediate Release

TSX.V: UCR

February 13, 2009, Regina, Saskatchewan - Uranium City Resources Inc. ("UCR" or the Corporation), is pleased to announce the following significant corporate updates:

At a Special Shareholders Meeting held Feb 13, 2009 in Toronto, shareholders voted *in favor* of the following:

- 1) the sale of a 100% interest in all of the Corporation's mineral claims located near Uranium City in the Province of Saskatchewan pursuant to the letter agreement dated November 24, 2008 between the UCR and Red Rock Energy Inc. for total consideration of \$975,000.
- 2) an amendment to the articles of incorporation to change the name of the Corporation. The new name that has been determined by the Board is to be **Strategic Resources Inc.** The process of instituting this name change and having a new ticker symbol assigned has now commenced and should be complete within the next several weeks.
- 3) an amendment to the articles of incorporation to add Preferred Shares to the capital structure.
- 4) changing the municipality of the Corporation's office to Toronto, Ontario from its previous location in Kirkland Lake, Ontario.

In addition, UCR continues to make significant progress on its joint venture Uranium exploration project in New Mexico, USA. Proposed drill hole locations have been marked out at the project area. Ecosystem Management Inc. along with Halterman Consulting, both of Albuquerque, NM, have now both been retained to assist with the preparation and filing of the Plan of Operations and the Minimal Impact Exploration Permit. Project area maps and geological reports can be viewed online at www.uraniumcityresources.com. UCR also continues to search for and evaluate additional exploration projects in New Mexico and other parts of the Colorado Plateau.
